

## Meet our 3 artists

**Joanne Jambor**, a talented local freelance artist/draftsman, has extensive knowledge of the Willapa estuary which made her the best choice to draw the wild animal silhouettes for the project.

## Hans Curtis Nelson,

an artist and farmer from North River, made the 3-D sculptures. It took him about a month for each of the 30 sculptures made from scrap steel that remained after cutting out the life-size silhouettes.

**Renee Bishop-O'Connor**, the owner of Willapa Bay Title & Design, was asked to participate in the project to make the drawings for the people, the manmade animals, and the working animal silhouettes.

## Guidelines

- Each statue in the hunt has a clue, a map and some GPS coordinates; use one, two or all three to locate them.
- Hidden near the statues is a container with a stamp in it for marking the statue found in your stamp passport.
- Please return the stamp and container back to where you found them so other people can enjoy the hunt after you!

## Willapa Harbor

# Search & Find Adventure

An awesome afternoon awaits you. Explore the Harbor and its history by taking part in our any-day treasure hunt.

Scour the town, discovering statues by following your GPS, in your car, or on your own two feet!

Solve clues or use the coordinates to track down the statue then find the stamp to add it to your passbook.

# RAYMOND

**1** A fishy spot for your wheels.  
N 46°40.641' W 123°43.010'

STAMP

**2** Who, whooo!  
Who are you?  
N 46°40.933' W 123°43.759'

STAMP

**3** Giddy on up over to Raymond!  
N 46°41.099' W 123°44.884'

STAMP

**4** It's three o'quack somewhere.  
N 46°40.933' W 123°43.759'

STAMP

**5** A howling good time on the Willapa.  
N 46°40.641' W 123°43.010'

STAMP

**6** The catch of the day from the bay.  
N 46°40.933' W 123°43.759'

STAMP

**7** I'm stumped in the Willapa Hills.  
N 46°40.933' W 123°43.759'

STAMP

**8** Styling with shades.
